2.3.1: Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The academic plan of B. P. Sulakhe Commerce College, Barshi is student-centric. Various methods of experiential and participatory learning, as well as problem-solving methodologies, are implemented to make sure that students are dynamic participants than passive listeners in the teaching-learning process. The college endeavors to make teaching learning as a two-way process and student-centric by encouraging the students to participate in the teaching-learning activities whole-heartedly. The college has adopted various student-centric teaching-learning and pedagogical methods for enhancing the learning levels of the students. In regular classroom teaching, teachers employ experiential learning, problem-solving methodologies, role-playing activities, classroom seminars, group discussions, project works, case study, field visits, field projects and research papers.

Experiential learning:

The teaching faculty of the college promotes experiential learning method. The main objective of this method is to enhance and develop experimental learning approach amongst the students. The programmes like B.C. A., PGDCA and M. Com include field projects in its curriculum. On the programme of B. Com, college organizes field/ Industrial Visits in order to make them understand the atmosphere of industry. Even we try to give them the experience of Auditing and Banking by allowing them to work with Chartered Accountants and Banks through internships.

Participative Learning:

This is the best student-centric learning method, in which students actively participate in activities such as: Class seminars, Group discussions, Participation in debates, Questioning method/Quiz method, Role-playing method/Acting out method, Drama/Mimes, Field visits/Industrial visits/Survey etc. Field /Industry visit Projects.

Problem Solving Method:

In order to develop and enrich students creativity, decision-making ability, critical thinking, reasoning power, the college has adopted this method, we organize the sessions on developing problem- solving skills. The curriculum of English (Compulsory) includes the soft skill of Problem-solving. Outreach activities are offered to develop human values, ethics and leadership qualities among the students such as: NSS/ NCC camps. In addition we organize Skill-Based Courses/Value Added Courses Yoga training workshops/courses for physical and mental health, Entrepreneurship development programmes, Cultural events, Personality and soft skill development programme etc. The college gives priority to the holistic development of the students outside the classroom through curricular, cocurricular, extra-curricular and field-based activities. In order to pursue the interest in their field of specialization, student's forum and committees are functional. Some of the committees like Cultural Committee, Sports Committee, Alumni Committee, Library Committee, and Placement Committee etc. are having student representations and participation.
